"So—so—so" (As Ed Wynn would say it) England and France get a dose of their own medicine. What's good for the goose is also good for the gander.

England and France both default on payments of their debts due to the U. S. this month. They took great pains to explain their inability to pay—even the interest. Now comes Germany and announces the suspension of payments due to the said France and England! The irony of the situation is that Germany used almost the same language in her defaulting note to them that they used to Uncle Sam.

The same nations defaulting on their debts are finding the funds to spend on war preparations. That's doubly bad, bad for the purpose of the expenditures and also because of the fact that creditors admire thrift among debtors.

Cardui Helped Lady
For Nervousness and Run-Down Condition
"I have taken Cardui several times for weak, run-down condition and it has helped me," writes Mrs. Walter M. Coulton, of Foreyth, Ok. "I was nervous and suffering from a weak condition. There were days when I had to lie down during the day. I sent for six bottles of Cardui, as it had helped me before. Cardui gave me strength, stopped the nervousness and helped me in every way."... Cardui may be just what you need. It can't do you any harm, so why not try 67 thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. It's better, as drug stores.

Black-Draught Good For Biliousness and Bad Taste in Mouth
"I have found Theodor's Black-Draught so good for biliousness and bad taste in the mouth and other disagreeable feelings due to constipation," writes Mrs. Mary Carme, of Burlington, Texas. "My mother used it for a number of years and we do not think there is a better medicine. I was pleased when I saw Drugg of Black-Draught advertised. I sent for it and gave it to my children (as a laxative) for colds and when they felt bad. Soon they felt fine."... Theodor's Black-Draught for the grown folks—and Drugg of Black-Draught for the children.

Spout Spring
Spout Spring, June 20. E. T. Price, Jr., who was the guest in the home of Miss Edith Robertson all of last week left Saturday for New York. Mr. and Mrs. Jake Woolson are the proud parents of a baby girl. Bon McGinnis is better after a brief illness.
Miss Lucile McGinnis spent a few days with her aunt, Mrs. Lula Beale. After the greetings were over, the guests, numbering between ninety assembled on the lawn where a beautiful dinner was served in picnic style. In the afternoon all seemed to enjoy being together again. There was music and singing rendered by different ones, and group pictures were taken.
Although 79 years of age, Mr. Martin is alert and interested in the affairs of the day. He is deservedly popular and all enjoy being in his cheerful company.
Among his guests of young people were A. M. Goodman of Spout Spring, and R. Burge Moore, of Oakville.

Engineer Details Train to Save Boy; Is Killed
Hammond, Ind.—A young boy, engineer of the Hammond Central's Panama limited, gave his life to save a four-year-old boy. His trainman also lost his life.
When the boy's auto stalled on the tracks, Ford deliberately derided the train by speedy application of his brakes.
He failed to avert a collision and the auto was smashed. The boy, and Ford, will live. Ford and the trainman were accented to death.
While dying the engineer revealed that years ago he had figured in a crossing fatality and resolved never again to be responsible for a death.

CHEVROLET'S
newest creation is here!

Presenting
THE 4-DOOR SPORT SEDAN

CHEVROLET proudly presents the new Sport Sedan as the most beautiful model ever built by Chevrolet or any other manufacturer of low-priced cars. The genius of Fisher Body designers was allowed full scope in designing this latest addition to the Chevrolet line. And your own eyes will tell you that these makers of masterpieces have never created anything finer. On a long chassis embodying Chevrolet's combination of exclusive features—fully-enclosed Kne-Action, an 80-mile-an-hour, 80-horsepower engine, cable-controlled brakes, and all the rest—the mounted a body that combines full five-passenger capacity, the luxury of custom cars, and the convenience of exceptional luggage space. There is no crowding in this smart car—Fisher craftsmen have provided plenty of leg room and elbow room. And there are more de luxe touches than we have space to tell about. If appearance and convenience come first with you, and you wish to stay in the low-price field—here, beyond a doubt, is your car.

Chance Discovery Gives Warning of Sandstorms
Paris—By chance, three scientists have discovered a means of warning approaching sandstorms in ample time to seek shelter.
The scientists erected an anemometer to observe the movements of flying insect hordes through the desert. One day they detected a peculiar rattling noise through the telephone apparatus connected with the instrument. Investigation revealed a sandstorm was rising on the desert. The explorers then produced an improved anemograph, designed expressly to detect approaching sandstorms.

Sun Spot and Rabbit Pelt Connection Is Traced
Montreal—The numbers of pets received by the Hudson's Bay company from year to year since about 1840 show marked periodic variation. According to an investigation made at the Dominion Observatory, Ottawa, the number of rabbit pelts was on the average, three times greater one year before the minimum of sunspots than at the maximum.

Contrast the Safety of the FORD V8 with any car at any price

AT 55 or 60 the new Ford V-8 is just loafing along. It will do 80 or better. It will out-accelerate many a car costing a good deal more.

This tremendous reserve power means greater safety. It means that the Ford V-8 has the ability to whisk you out of tight places on hill or highway.

The new Ford V-8 has an unusually low center of gravity. It holds the road. There's safety, too, in the Ford V-8's great braking surface per pound of weight. You stop smoothly, surely—as quickly as you wish.

And you really relax in the comfort of

Ford V-8 free action on all four wheels—for you know that beneath you is the price-less safety of strong axle construction.

Ford V-8 safety features are endless. They include a welded all-steel body... double drop X-type frame... transverse spring suspension... a torque-tube drive such as racing cars rely upon for controllability... welded steel spoke wheels... and literally dozens of others.

Before you buy any car at any price, drive the new Ford V-8. Discover the perfect merger of performance with safety.

Safety features of the FORD V8

- The Ford V-8 has welded steel spoke wheels. Each wheel is actually stronger enough to sustain the weight of ten Ford V-8 cars. That's real safety!
- The Ford V-8 offers you decided advantages of Safety Glass. A feature of double importance to everyone who buys a car for family use.
- There is added safety in the unusually great braking surface per pound of weight offered you by the Ford V-8. You stop smoothly, surely—and quickly.
- Free action for all four wheels—with the priceless dependability of strong axle construction. This means exceptional riding ease with proved safety.
